03/18/2020

In an effort to prevent and control the slowing and the spread of the Coronavirus (COVID-19), as well as complying with all government and CDC guidelines, Wise Choice Realty is taking the following steps.

Our hours of operation will not change; however, we will be limiting face to face meetings to the hours of 10am – 3pm and by appointments only. We will still be available by office phone, fax, cell phones, email and zoom video communications.

We will continue to conduct business via these means and have resources available (drop box, applications and rental lists outside). We will take an abundance of caution in screening vendors and with any showing of properties at this time.

This may cause slight delays in the resolution of routine maintenance issues and timely viewings of properties.

We appreciate your patience with these issues. Please let us know of any concerns or issues promptly and please remain safe and vigilant at this time.
